

Directions to Symmetric Computing from Boston going SOUTH on I93:

- Take the Columbia Road exit off I93 South—Exit 15 (you will see signs for LBJ Library).
- As you go down the exit ramp, stay in the middle lane and prepare to take a LEFT turn on Columbia road—staying in the RIGHT lane after the turn.
- As you cross under I93 you will approach at traffic circle, keep RIGHT and take your first exit from the traffic circle onto Morrissey Blvd.
- Stay in the RIGHT lane and immediately exit to the RIGHT to an access road that runs parallel to Morrissey—this too is Morrissey Blvd.
- Stay in the center lane and after the second light, take a LEFT onto Dominic J Bianculli Blvd. (You will see a signs for the University of Mass).
- Stay in the right lane and take your first RIGHT.
- Try to park in south lot (which is student only parking). A map of the campus and parking lots is shown below.
- Symmetric Computing and the Venture Development Center are located on the 3rd floor of Wheatley Hall (across from McCormack Hall).

Directions from Cape Cod going NORTH on I93:

- Take the Morrissey Blvd. (JFK Library) exit off I93 North—Exit 14.
- Stay in the RIGHT lane and after approximately 1 mile take a RIGHT onto Dominic J Bianculli Blvd. (You will see a signs for the University of Mass).
- Stay in the RIGHT lane and take your first RIGHT onto Morrissey Blvd.
- A map of the campus and parking lots is shown below.
- Symmetric Computing and the Venture Development Center are located on the third floor of the Wheatley Hall (across from McCormack Hall).
